

**PSYCHOTIC ILLNESS
DOESN'T MEAN:
A NAMI UNM DISCUSSION
April 7, @ 5:30PM**

WHERE
**Student Union
Building**
Third Floor Room: Sandia

DID YOU KNOW?

• People with severe mental illnesses, schizophrenia, bipolar disorder or psychosis, are 2 ½ times more likely to be attacked, raped or mugged than the general population (Hiday, et al., 1999)."

**WE WILL
DISCUSS**

- Types of psychotic illnesses,
- Signs and symptoms
- Coping mechanisms
- How can I be there for someone who is going through psychosis?
- Correcting stereotypes and myths

**ABOUT NAMI
UNM**

UNM's chapter of the National Alliance on Mental Illness
